

## The Four F's of India

Famous People,  
Fashion,  
Festivals, Food,  
and Famous Places

Imagine that you are headed to India for a trip. There are many things that you will need to prepare for. This project asks you to focus on four of them: famous people, fashion, festivals, and food. You need to create a multimedia presentation that explains what you will encounter in these four areas in India during your visit.

To create your presentation, I would like you to consider using apps such as Spark Page, Spark Video, iMovie, or Keynote. Use of other apps will need to be approved by me.

You must include the following in your presentation.

- Three items of **food** (2 points each)
  - Please describe what is in the dish and how it is prepared.
- Three items of **clothing (fashion)** (2 points each)
  - Please describe the item of clothing and who would wear it. Is it formal or casual?
- Three **festivals** (four points each) that are important to the people of India.
  - Please include when, how, and by whom this festival is celebrated. You should have at least four pieces of information about each festival.
- Four **famous people** (four points each) from India you would like to meet. All of the people must have lived after 1950 and at least two of the people must still be alive today.
  - Be sure to include what they are famous for and three specific accomplishments in their field.
- Four famous places (four points each) you would like to visit. One must be a human characteristic and one must be a physical characteristic. The other two are up to you.
  - Please include at least three facts about the place.
